

# DOMETIC ACCESSORIES

## **BATTERY IGNITER - 2923024810**

With the new battery powered igniter for all Dometic Piezo-fridges (manufactured after the 1st of January 1998) with plastic dashboard holders the procedure for starting the gas mode becomes faster and more comfortable.

## **EGG SHELF - 241316800**

Comfort accessory for mobile living

## **CARBON FILTER - 9192400043**

The amazing new Activated Carbon Filter successfully prevents any smell – even if the device is shut off.

## **VENTILATOR SET - 958046000**

**Improves the ventilation for perfect performance**

To achieve the maximum cooling performance an absorption-fridge must always be sufficiently ventilated. If the standard installation cannot be applied you can attach this small ventilator to the back of the cooling unit.
